## WORK EXPERIENCE

### UI/UX DESIGNER

#### SAMFA TECHLOGIES

Feb 2024 – Present

- Led the full UX/UI design lifecycle for internal platforms and customer-facing mobile/web applications.
- Conducted usability tests and applied datadriven iterations to optimize user flows.
- Built responsive wireframes and interactive prototypes aligned with development handoffs.
- Collaborated with product and engineering teams to ensure accurate implementation of designs.

### UI/UX DESIGNER

#### Techship – Tech Solutions

Dec 2023 – Feb 2024 (Internship)

- Learned to create user-friendly and visually appealing designs using tools like Figma.
- Gained experience in wireframing, prototyping, and improving user flows.
- Understood the importance of user research, usability, and responsive design in real projects.

## SUMMARY

Professional Summary Experienced Senior UI/UX Designer with over 2 years of proven success in delivering intuitive and user-centered web and mobile application designs. Proficient in leading design projects end-to-end, from user research and wireframing to high-fidelity prototyping and collaboration with development teams. Strong advocate of user-centric design and design thinking, with hands-on experience in Figma, Adobe XD, Sketch, and InVision. Possesses a solid foundation in front-end technologies to effectively bridge the gap between design and implementation

## EDUCATION HISTORY

### Bachelors Degree in Computer Science

#### Govt. University Of Faisalabad Layyah

Jun 2021 – Aug 2023

## LANGUAGES

- Urdu: Native
- English: Intermediate (Working proficiency)

---

## RELEVANT SKILLS

- Visual Designer
- UX/UI Designer
- Interaction Designer
- Product Designer
- UX Researcher & Designer

---

## CORE SKILLS

- UX Research (Surveys, Interviews, Usability Studies)
- User Journey Mapping & Personas
- Wireframing (Low & High Fidelity)
- Interactive Prototyping (Figma, Adobe XD, InVision)
- Information Architecture
- Usability Testing & Accessibility Best Practices
- Responsive UI Design (Mobile, Tablet, Desktop)
- Design Thinking
- Agile Team Collaboration
- UI Style Guides & Design Systems
- Tools: Figma, Adobe XD, Sketch, InVision, Google Workspace

## CERTIFICATIONS

### Google UX Design Professional Certificate

Coursera | Credential ID available upon request

#### Key Modules Covered:

- Foundations of UX Design
- User Research & Empathy Building
- Ideation, Wireframing & Prototyping
- High-Fidelity Design & Figma Prototyping
- Conducting Usability Studies
- Design for Accessibility
- Building a UX Portfolio & Case Studies

---

## UI/UX TOOLS

### Design & Prototyping

- Figma
- Balsamiq

### UX Research & Testing

- Optimal Workshop
- Maze
